

Town of Mills River

Hooper Lane Park Site

0 100 200 400 600 Feet

1 inch = 250 feet

NOTE: this plan is CONCEPTUAL ONLY. Facilities shown to scale, but do not represent final locations, OR required grading limits. Placement of facilities takes into consideration safe movement of vehicles and pedestrians within the park, location of floodway and floodplain, existing ditches and the potential future realignment of Hooper Ln.

A site survey was used in the conceptual design as reference. THIS IS NOT A SURVEY DOCUMENT, all items depicted are a graphical representation only.
